Sequences of multiples (increasing/decreasing)

Name: Class: Date:

Mark   / 18   %

1) What number comes next?   [1]

8 10 12 14

2) What number comes next?   [1]

15 20 25 30

3) What number comes next?   [1]

12 15 18 21

4) What number comes next?   [1]

30 40 50 60

5) What number comes next?   [1]

4 8 12 16

6) What number comes next?   [1]

30 36 42 48

7) What number comes next? [1]

35 42 49 56

8) What number comes next? [1]

8   16   24   32

9) What number comes next? [1]

45 54 63 72

10) What number comes next? [1]

14 12 10 8

11) What number comes next? [1]

55 50 45 40

12) What number comes next? [1]

100 90 80 70

13) What number comes next? [1]

54 51 48 45

14) What number comes next? [1]

56 52 48 44 [ ]

15) What number comes next? [1]

60 54 48 42 [ ]

16) What number comes next? [1]

35 28 21 14 [ ]

17) What number comes next? [1]

64 56 48 40 [ ]

18) What number comes next? [1]

99 90 81 72 [ ]

Solutions for the assessment Sequences of multiples (increasing/decreasing)

1) 16

2) 35

3) 24

4) 70

5) 20

6) 54

7) 63

8) 40

9) 81

10) 6

11) 35

12) 60

13) 42

14) 40

15) 36

16) 7

17) 32

18) 63
